crazycricketlive.vercel.app | safnam-restaurant-management.vercel.app

PROFESSIONAL SUMMARY

Full Stack Developer with hands-on internship experience building production backend systems using ASP.NET Core and Node.js. Independently designed and deployed two complete full-stack platforms — a real-time cricket tournament management system and a multi-role restaurant & hotel management system — from scratch to live deployment on Vercel. Strong foundation in data structures, algorithms, and database design with 1500+ competitive programming problems solved.

EXPERIENCE

Software Engineer Intern | **Tech Ahir Pvt Ltd** | Ahmedabad, Gujarat | Jan 2026 – May 2026

- Built and integrated RESTful APIs using ASP.NET Core with MVC architecture and CQRS pattern for real production modules.
- Implemented backend business logic, input validations, and database operations using SQL Server and Dapper ORM.
- Optimized SQL queries and contributed to database schema design for scalable data access patterns.
- Collaborated with the development team to debug issues, improve performance, and ship backend features on time.

PROJECTS

CrazyCricketLive *React.js · TypeScript · Node.js · Express.js · PostgreSQL · Redis · Socket.IO · Redux Toolkit · React Query*

GitHub: github.com/FajilChauhan/CrazyCricketLive | Demo: crazycricketlive.vercel.app

- Built a full-stack real-time cricket tournament platform supporting tournaments, teams, players, live scoring, scorecards, points tables, and player statistics — deployed live on Vercel.
- Engineered a scalable REST API with Node.js, PostgreSQL, and Redis featuring JWT authentication, role-based access control, centralized error handling, and optimized query design.
- Implemented real-time ball-by-ball live scoring using Socket.IO with innings management, toss handling, playing XI selection, and automatic points table calculation.
- Built a responsive React.js frontend using Redux Toolkit and React Query for efficient state management, server-side caching, and seamless API integration.

SAFNAM — Restaurant & Hotel Management System *React.js · TypeScript · Node.js · Express.js · PostgreSQL · Prisma ORM · Tailwind CSS · Framer Motion*

GitHub: github.com/FajilChauhan/SAFNAM_RESTAURANT_MANAGEMENT | Demo: safnam-restaurant-management.vercel.app

- Designed and deployed a complete multi-role platform with 5 distinct roles (Admin, Manager, Reception, Kitchen, Customer), each with a dedicated panel and dynamic permission system controlled by Admin.
- Implemented end-to-end booking workflows for tables and rooms with real-time conflict detection, concurrency-safe availability checks, and full check-in/checkout lifecycle management.
- Built a connected billing engine that automatically aggregates table/room charges, food orders, applicable discounts, and payment tracking into a single invoice per booking.
- Engineered unique engagement features: skill-based Play & Earn reward game (7-day cooldown, backend-validated), customer loyalty points, leaderboard, favorites, and feedback system.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, C#, C++, SQL

Frontend: React.js, Tailwind CSS, Redux Toolkit, React Query, Framer Motion

Backend: Node.js, Express.js, ASP.NET Core, REST APIs, CQRS, MediatR, Clean Architecture

Databases: PostgreSQL, SQL Server, MySQL, Redis, Prisma ORM, Dapper

Tools & Platforms: Git, GitHub, VS Code, Figma, Vercel, PgAdmin

Concepts: JWT Auth, RBAC, Socket.IO, Data Structures & Algorithms, OOP, DBMS

EDUCATION

B.Tech — Information and Communication Technology — Dhirubhai Ambani University

CPI: 6.15 | Gandhinagar, Gujarat | 2022 – 2026

Higher Secondary (12th) — GHSEB — Shree C.D. Patel High School

80.76% | Talod, Gujarat | 2021 – 2022

Secondary (10th) — GSEB — Trinity High School

87.16% | Talod, Gujarat | 2019 – 2020

ACHIEVEMENTS & COMPETITIVE PROGRAMMING

- Solved 1500+ coding problems across Codeforces, LeetCode, GeeksforGeeks, and other competitive programming platforms.
- Secured 456th rank in ACPC (Admission Committee for Professional Courses), Gujarat.
- Achieved 99.23 percentile in GUJCET 2022.
